Tala,

I'm following on up on the status of your presentation at the Polyurethanes Technical Conference. As we discussed, CPI understands that government approval of presentations takes time. Please let me know if you are still in the approval process.

Best,  
Stephen

Tala,

Thanks again for your willingness to present at the Polyurethanes Technical Conference – Regulatory Round Table session. The deadline to submit slides has been set for September 23, 2019. As we discussed, EPA approval takes time. I just ask that you keep me up to date as you work the slides through your approval process.

Best,  
Stephen
